## Greedy PIG

## Probability Practice

Rules:

1) You have one die
2) When it is your turn, roll the die, if you roll $3 / 4 / 5 / 6$ you get to choose whether you "Bank" your points or roll again (risk losing them to gain more)
3) If you roll a 1 or 2 you lose your turn and any points that were not "Banked"
4) First player to "Bank" 100 points wins
