

Let's Play Friendly Number Fish!

Materials: one deck of cards with the J, Q, K and Jokers removed.

To Play: Deal out 4 cards to each player. Players take turns asking each other for cards that make 10 when added together. For example, I have a 2 in my hand. I ask, "Do you have an 8?" Matched cards can be placed down on the table. The 10 has no partner and can be placed down immediately. If a player runs out of cards in their hand, they may pick up 2 more to play until all friendly number partners are matched.
