

OH NO 99!

Players

- 2 players

Materials

- Standard deck of cards

Objective

- Force your partner to go over the score or 99.

How to Play

- Deal four cards to each player and leave the remaining in a stack in the middle.
- Players take turns playing one card at a time, adding or subtracting based on the card that was played to their joint score.
- Once a card has been played the player can replenish by taking a card off the top of the pile in the middle.
- Continue to play until a player is forced to go over 99.

Scoring:

Aces: add 1

Jacks: Subtract 10

Kings: add zero

Queens: Wild card – Can be any other card in the deck

Cards 2-10: add their face value

Playing Example:

Example:

- The score is currently 65.
- Player one plays an ace and subtracts 1. The score is now 64.
- Player two plays a queen and makes their card be a 10 and adds 10 to 64 making their current score 74.
- Player one plays a 6 adding it to 74 making he score 80.
